$549.00 iDA-X100M

$749.00 iDA-X100M + MC 20

Speaker systems for crystal clear sound.

Type-R / Type-S Marine Speaker Systems

These high-quality speakers are ready for your marine sound system. The Type-S are a direct factory upgrade. Or, the Type-R 7"custom fit offer superb sound and bass. Fully tested to IPx5, ATSM B117/G154/ D4329 these water, UV, salt, fog resilient speakers are built to last.

SPR-M70 7" Silver Component Speakers
• 210W Peak Power • 70W RMS — $369.00

SPR-M700 7" White or Silver Speakers
• 150W Peak Power • 50W RMS — $269.00

SPS-M600 6-1/2" White or Silver Speakers
• 110W Peak Power • 35W RMS — $149.00

SPR-M700C 7" Marine Coaxial Speakers with Cans

If you're building a performance sound system for your marine or wakeboard craft, the SPR-M700C coaxial speakers with cans are the perfect choice. They deliver powerful bass, clean midrange and accurate high frequencies. Constructed with marine-grade materials this speaker system meets rigorous water intrusion and anti-corrosion standards.

• 150W Peak Power • 50W RMS • Freq. response: 45Hz - 22kHz • Ultra UV Resistant Grill
• Magnetically Shielded Basket • High Gloss Silver Finish • Solid Fibreglass Construction
• IPx5 • ATSM B117 • ATSM G154/D4329 UV

$799.00

SWR-M100 10" Marine Subwoofer

The SWR-M100 uses a high-excursion woofer design based on the Alpine's high performance Type-R car subwoofers that deliver massive bass from modest input power. This fully marinised 10" subwoofer can handle a brutal 300W RMS and 900W peak power for bass that will rock you even with wind noise at high speeds. Perfectly power matched to PDX marine amplifiers, you can create a marine sound system with single or multiple subwoofer configurations.

• Available in White or Silver Grill • 900W Peak Power • 300W RMS • Gold-plated terminals
• Freq. Response: 35Hz-700Hz • Infinite baffle design • IPx5 • ATSM B117 • ATSM G154/D4329

$269.00

On the water get loud.

PDX

PDX Series Digital Amplifiers
Marine Engineered

Extraordinary in concept, revolutionary in design—PDX marine amplifiers power your system like never before. Drawing on Micro-dynamics technology, PDX with their all digital design set the benchmark in power density and sonic purity in a stylish ultra-compact design. What's more, these amps comply with the rigorous ATSM G154/D4329 UV and B177 salt/fog standards, so you're assured of a durable marine sound system.

PDX-5M

Marine Digital 5/4/3 Amplifier

- 1200W MAX (total)
- 75W RMS x 4 [4Ω@14.4V]
- 300W RMS x 1 [2Ω/4Ω@14.4V]

$899.00

PDX-4.100M

Marine Digital 4/3/2 Amplifier

- 200W MAX x 4
- 100W RMS x 4 [2Ω/4Ω@14.4V]
- 200W RMS x 2 [4Ω@14.4V]

$699.00

PDX-1.600M

Marine Digital Mono Amplifier

- 1500W MAX x 1
- 600W RMS x 1 [2Ω/4Ω@14.4V]
- S/N Ratio 110dBA

$699.00

Premium Marine System Solutions.

CDA-118M High Performance System

This system is the best way to get maximum features and premium sound quality in your boat. Play CD's and MP3/WMA/AAC music on USB, plus comprehensive control of music stored on your iPod or iPhone – all right at your fingertips. - PDX-1.600M Digital Mono Power Amplifier
- SPR-M70 7" Component Speakers
- SPR-M700 7" Coaxial Speakers
- SWR-M100 (x2)10" Subwoofer
- MC-20 Wireless Marine Commander

Engineered for the open water.

ATSM G154/D4329 UV

High intensity accelerated weathering test that involves 500 hours of cyclic exposure to high temperature, water mist, humidity and intense UV.

ATSM B117 salt/fog

Climate emulation test that consists of exposure to salt water, humidity and high temperature. All Alpine marine products comply to this standard.

IPx5 water resistant

Ingress protection rating test that consists of high pressure water spray and moisture. Alpine speakers and CDA-118M conform to this standard.

IPx6 waterproof

Ingress protection rating that tests against powerful water jet streams and moisture. Alpine's MC-10 remote and RUE-M1RF wireless remote meet this criteria.

Alpine marinised products are built to withstand the rigors of the harsh marine environment and as detailed above are tested to IPx5, IPx6, ATSM B117 and ATSM D4329 standards. Please note however that this document does not create any express or implied warranties about Alpine's products. Rather, Alpine's sole warranty is contained in its 12-month limited warranty, available from your local authorised dealer.
